**Hi Everyone**

*Diwali is a Festival of Lights - as I drove back from Delhi to Gurgaon yesterday evening - I watched every building glowing brilliantly and I wondered - Has Everyone truly understood the meaning of Diwali.....*

*Diwali - Light - Light is a Metaphor for Knowledge & Consciousness - With Knowledge & Consciousness there is Love and Connection - Care and Nurturing - Communication and Peace - Are they Aware - Do they Accept the true understanding - Are they in Action - I would never know the real answer.....*

*However I can make a Difference - Bring into Awareness that You have 50 Trillion Cells - Each Cell has the Power of 1.4 Volts of Electricity - 50 trillion multiplied by 1.4 will equal to 700 Trillion Volts of Electricity says Bruce Lipton - an enormous amount of Light inside of You.....*

*Your MIND has the Governance over the Working of these Cells in your Body that can Generate this Light - Are all the switches turned on? Is there LIGHT Inside of You? Do you CARE and CONNECT to LIFE?*

*You have Light - Sweets - Goodness inside of YOU - HUMILITY turns on the Switches inside and Makes them Glow - Make a Difference Inside of You first and then give permission to EGO to Light up the Outside.....*

*Have Beautiful Moments with Yourself - Your Family and the Universe at large.....*

## TRANSFORMATIONAL EXPERIENCES FROM STUDENTS AND THERAPISTS

My Sharing...

Dear all,

Today I feel so indebted to each one of you for giving the guidance and the belief that Affirmations work. Till a few days ago when everyone was writing their experiences I was wondering why I have not experienced a shift but I must say that it happened for me and feels so good !!I was looking for a shift in my own attitude and making happiness a habit rather than being dependent on external circumstances and I it does feel I achieved it to some extent ! I wish to thank all mentors and everyone in the group from the core of my heart today

Regards

Gurpreet

*Hi Everyone*

*I was making a Presentation at an International Conference on Integrated Medicine & Holistic Healing today where I met this Young lad who came up to me and said that almost 9 years ago he had wanted to do the Course and could only afford a limited amount and I let him do the Course - Today he is a Healer*

*and doing well and when he heard that I was talking at this Conference - he came with the intention to settle the balance fee - What a beautiful gesture that after so many years he still remembered - I was touched and humbled.....*

*Reinforces that whatever you do can Truly Make a Difference - so reach out and Share your Journey as You Walk through Life - never know whose life you will touch.....*

*Love and Light*

## A CONVERSATION...

Dear Mam,

Dear friends, I had a conversation with Blossom madam to clarify one of my doubts and got a wonderful and clear reply from madam. While thanking her, I would like to share it here...

Good morning madam. I am Madhavan, did level 2&3 at Chennai, in June. I sincerely thank you for your wonderful sessions, which helped me a lot. I have doubt. Can I ask you here?

*Yes please anytime .....*

Thank you madam

I had many takeaways, one that helped me a lot was accepting self and letting go that ego with " I know that, I know that, I know that, I don't know". Which resolved many of my past issues. It is in my every day affirmation also. The doubt is, when I AM in the middle of a situation, where I found myself not fully able to handle, does that acceptance of I don't know how to handle would not make me submissive and vulnerable?

*Hi Madhavan*

*Thank you for sharing your takeaways and transformation - whenever you feel comfortable share it on the Affirmation Group - I hope you are on it*

*When we are not able to handle something and yet struggle to handle it - we are coming from the space of Ego - Distress and Frustration and basically doing the same thing over and over again with no Results*

*Here we need to declare to ourselves only - I know that I know - that I Know that I don't know and then a new window - a new door - new thoughts - new ways - new ideas will come to you from within you from your Genius Subconscious Mind*

*You will be more Confident - Assertive - In Charge*

*When you access your Power from within you Miracles happen and Transformation takes place*

*Love and Light to guide you*

*Blossom Furtado*
